City's Schools Set to Re-open

by Elaine Skolnik

Additions are the vogue for Greenbelt schools this season. New wings at Center and North End Elementary Schools will be ready for use on the opening day of school - Tuesday, September 3. The foundation for an addition at the Springhill Lake Elementary School has been laid, and ground behind Greenbelt Junior High School cleared for a much-needed annex. On the drawing boards, also, is a 24-classroom addition for the new Parkdale Senior High School which serves Greenbelt's tenth and eleventh graders. Seniors will complete their studies at High Point Senior High School.

Except for kindergartens and first grades, all classes will operate on a full-day schedule on September 3. Cafeterias will be open at all schools with the exception of Center and North End schools.

Center School

Hours for the school year will be 9 a.m. to 3:30 p.m. During the month of September, kindergartners and first-graders will be dismissed at 12 noon. Two kindergarten classrooms in the new addition plus the existing kindergarten room will be used to accommodate 125 youngsters (25 per class). Three sections of first grade, one of second and two special education classes will be located in the new wing which also houses a reading suite, teachers room, conference room and library. Principal Robert Ellis reminds parents to send bag lunches with their children until the cafeteria is completed. Milk will be available at the school.

North End School

Principal Helene Poland announced that hours for the school year will remain the same - 8:30 a.m. to 3 p.m. During the month of September, first graders will be dismissed at 12 noon. Kindergartens, first and second grades, office suite, faculty lounge, conference and reading rooms, multi-purpose rooms and cafeteria are located in the new addition. The former multi-purpose room has been converted into a library suite. Until the cafeteria is ready for use, youngsters may bring their lunch and buy milk and ice cream at the school.

Kindergartners should meet in the new multi-purpose room on opening day. Others should refer to their June report cards for room and teacher assignments.

Springhill Lake

The regular school day will run from 9 a.m. to 3:30 p.m. Principal Ethel Golden reports that letters have been sent to students notifying them of room assignments and schedules. Five portable school rooms are situated on the school grounds. Construction of a 10-room addition is already underway. The new wing will include seven grade classrooms, one kindergarten, and two special education classes.

Greenbelt Junior High

Hours for the school year will be from 7:50 a.m. to 2:35 p.m. Five portable school rooms are located next to the school. Principal Francis Furgang reported that the County Board of Education approved the construction of Addition number 4 on July 23 and work started on August 22. The contractor is McAlister and Schwartz Company and the architect is Ronald S. Senseman. The new wing will contain 14 classrooms, a new cafeteria and an administrative suite. Some room alterations will be made in the existing school building.

Buses will pick up students at 7:30 a.m. All students are encouraged to be at their bus stops earlier on opening day. The schedule is as follows: Bus #204, Charles-towne Village; #470, Crescent and Ridge; #469, Crescent and Green-

\$950,000 Bond Issue Gets Airing at Public Hearing

by Elaine Skolnik & Mary Smith

About 30 citizens attended the public hearing last Monday on a proposed \$950,000 bond issue ordinance for capital improvements to municipal facilities. The audience in general was receptive, but questioned council members closely on the cost of individual items, and the establishment of priorities. The hearing preceded council's consideration of the ordinance at its next regular meeting. The bond issue will be placed before Greenbelt citizens in the form of a referendum sometime in the fall.

Included in the capital budget which is to be financed through

the bond issue are the following eight items: \$402,000 for parkland acquisition; \$68,000 for parkland development; \$150,000 for Youth Center addition; \$60,000 for a Springhill Lake Recreation building; \$170,000 for road construction; \$45,000 for right-of-way acquisition; \$55,000 for Fire Dept. addition (this amount to be reimbursed to the City by the Fire Dept.); an addition to the City Office building, but only if there are any surplus funds from the previous seven items. (See last week's issue of the News Review for details.)

Audience Concerns

Concern was expressed by some members of the audience on hearing that this capital budget is separate from the enabling ordinance and that the bond issue to be voted on would not have specific price tags or priorities attached to the individual items. Assurances were sought that the eight budget items would be carried out, by the present council or by succeeding councils. Other questions involved the accuracy of the cost estimates and the latitude council would have in altering items once the referendum was approved.

Mayor Edgar Smith reminded the audience that while the budgeted items and their cost estimate were admittedly flexible, he and other council members would be morally obligated to follow through with the program. GHI chairman Charles Schwan pointed out that the last major building bond was voted during the term of one council and carried out by a different council. Councilman Richard Pilski noted that this bond issue resulted in the building of the Municipal Center, the Youth Center and the Fire Dept. building. He said that floating such bond issues is necessary to obtain major municipal improvements, needed for the benefit of present and future residents of a rapidly-growing community.

As for the estimated costs, Councilman Francis White explained they were determined on current land values, and council's knowledge of building and engineering costs. Exact costs, he said, had not been determined because to do so would cost money in the form of surveys, architect fees, etc., and council was unwilling to spend such money for a bond issue not yet voted on by the public. He stressed the need for flexibility and the undesirability of tying the ordinance to a specific dollar amount for a specific item.

Other Questions

Hugh Jascourt, chairman of the Parks and Recreation Advisory Board wondered if council had set aside enough money for the development of parkland and construction of tennis courts. He also thought that the city should have consulted with PRAB before the bond issue was proposed. Councilmen explained they had considered reports of all their advisory boards and requests of interested citizens in drawing up the list of items and felt that the proposals were representative.

Jim Smith, former councilman, while not objecting to the widening of Southway to a four-lane divided highway from the State maintenance line to Ridge Rd, expressed fears that the rest of Southway, from Ridge, to Crescent, might later be widened also. Council denied the need for such widening, stating that traffic entering Greenbelt via Southway divided into three directions on reaching Ridge Rd., and that therefore, no more than two lanes are needed between Ridge and Cres-

CRAB FEAST AND POLITICAL RALLY

A crab feast and old-fashioned political rally, sponsored by the County's Young Republicans and featuring David Eisenhower, grandson of the ex-President, Julie Nixon, daughter of GOP Presidential standard bearer, Richard M. Nixon, and Gladys Spellman, Chairman of the Board of County Commissioners, will be held on Labor Day, Sept. 2, following the parade from 1 to 6 p.m. behind the stage.

Mrs. Spellman will act as Mistress of Ceremonies for the Crab Feast and Rally which will be highlighted by an "on the stump" debate between the Republican and Democratic contenders for their parties' nominations for U.S. Senate and U. S. Congress. Rep. Charles McC. Mathias (R-Md.), Republican Senatorial candidate; Larry Hogan and Ed Cockerham, GOP Congressional opponents; along with Democratic contenders Rep. Hervey Machen (D-Md.), Carlton Sickles, Fred Wineland, and Melvyn Meer are all scheduled to appear and speak.

Please! No Playground Here

To the Editor:

For almost ten years I've been a resident at the same address and have enjoyed the open park area from my home on Ridge at Southway. Children do play there and the encircling homes enjoy their freedom.

A formal playground? Horrors! I would take steps to petition G.H.I. immediately if I believed it would happen. The nearby ball park is enough of our share of the community recreational resources. During the season we enjoy and tolerate mis-parked cars, the parade of eager players, enthusiastic parents and dedicated coaches—but, more of the same? No thank you!

I bought this home because it was away from public playgrounds, shopping center areas and yes, even church sites. Must I now seek quiet afternoons and weekends in another G.H.I. Home? Before I do I shall poll my neighbors, believing that they too have enjoyed the peaceful atmosphere of our general court area. Most of us have raised our families and felt no restraint at purported lack of recreational space. Many of us love the visits of our grandchildren, but no longer want to adjust to the demands of perpetual childhood enthusiasms. We intend to live here many more years and have always taken pride in the appearance of our yards, gardens and homes as one of the prominent introductions to Greenbelt Community Pride.

Playground maintenance is always a problem; if not weed-overgrown, there are bottles, candy wrappers, broken equipment and other such debris which present a problem of impression of our prospective residents and visitors.

I sincerely hope this proposal is considered by the board to be not feasible, but in the event they continue to press this idea, please research the opinions and desires of those of us who live around the area.

Thank you for letting me express my opinion — though the objection be premature and unreal.

LITTLE LEAGUERS

by Roger Evans & Sterling Tropp

"The 18th Annual Banquet" will be held at the Greenbelt Fire House on Saturday September 7 at 7 p.m. For tickets contact anyone affiliated with the Greenbelt Little League. Dinner will be served by the Women's Auxiliary.

The Little League would like to say "THANK YOU" to the Greenbelt News Review for running our articles this year.

The Greenbelt Peace Committee believes in the right of all nations and peoples to carry out their legitimate activities without military intervention by other countries. Acting on this principle we have sent the following letter to the Soviet Ambassador to the United States:

Dear Ambassador Dobrynin:

The Greenbelt Peace Committee strongly condemns the action of the Soviet Union in sending its troops into Czechoslovakia. We, who have protested American intervention in Vietnam, now protest the completely unjustifiable military intervention by the Soviet Union in Czechoslovakia. We, therefore, call upon the Soviet Union to respect the independence of the Czechoslovak people and to withdraw its troops.

Greenbelt Peace Committee
Bertram Donn, Chairman

We urge others to express their protest of the invasion of Czechoslovakia to the Soviet Ambassador, Anatoly Dobrynin, Embassy of the Soviet Union, 1125 - 16th Street, N.E., Washington, D.C.

A Teacher, A Friend

To the Editor:

Members of the High Point School faculty were saddened to learn of the sudden death of their colleague and friend, John Merkel, on August 20th.

As a friend, we knew John Merkel as a man of breadth: quick to laugh, quick to be sympathetic, to be appreciative; a gourmet cook, a connoisseur of life. We liked him. He brightened our lives. We could talk to him and with him. We will miss him; we mourn his untimely death.

As a colleague, we knew John Merkel as a teacher of English and as a teacher of young adults. He had a feeling for the English language, for its cadences, its great beauty, its infinite variety. He was sensitive to ideas, to the beauties of form and meaning in prose and in poetry. He opened doors for his students, through which they could walk into the eternal heritage of the civilized world. He was interested in his students as people. He was interested in their joys, their sorrows, in their enthusiasm as they met the larger adult world and in their disillusionment as they found it less than perfect. He was a teacher, our friend.

He died suddenly. For some years he had had a chronic health problem. At the moment of death he was ready to leave for a trip to the West Coast. The preparation and excitement were too much for an overburdened heart. One must die. Thirty-nine is young. One can do worse than die in a moment of happiness, after a life that leaves only pleasant memories to his friends.

City Notes

Greenbelt's Department of Public Works has been busy preparing for the Labor Day Festival. Traditionally, the Festival Committee provides lumber for booths, and the city contributes the labor to build them for the organizations participating in the events. In addition to constructing booths, the city crew has been installing picnic tables and a bandstand for the festival. During the next few days, temporary wiring will be installed, special areas roped off, and the Center cleaned and spruced up.

Five tons of crushed marble chips have been received to mark off lines in the city ballfields—a year's supply. This summer according to City Manager James Giese, the softball fields received their most intensive use in the city's history.

City Manager James Giese reports that on August 11 Michael Kerr received his appointment to the Greenbelt Police Department as a regular officer. This is the first time the department has had a full complement of policemen since Giese became city manager in December, 1962. There are 14 men on the force.

The Brass Lantern men's slo-pitch team is doing well. This Greenbelt team has reached the final playoff for the Washington Metropolitan Area championship.

The summer season of band concerts came to an end with last week's concert at the lake park. During the summer there were 15 concerts by about 10 different bands. In addition, two professional theater productions for children were performed at the lake.

The Public Works department was busy last week cutting grass, marking off parking spaces, and repairing the lights in the parking lot near the municipal building. They constructed a pathway from the end of the Pinecrest Court cul-de-sac to the lake park. In addition, a Public Works crew sodded the ground around the Roosevelt Memorial Tree and paved a nearby portion of the sidewalk along Crescent Rd. A dedication ceremony is planned for the fall.

hill; #466, Hillside and Crescent; #454, Ridge and Research; #458, Ridge and Plateau; #206 and #437, behind Co-op Food Store at the Center.

Parkdale Senior High

The first day, classes will start at 8:50 a.m. and dismiss at 3:30 p.m. Lists designating all students' homerooms are posted on the front window at Parkdale, located on Good Luck Road, Riverdale. Also posted on the front window of the school are large floor plans of the new facility. Students who have not registered prior to opening day of school should report to the multi-purpose room. Parkdale is expected to open at rated capacity with approximately 1800 students in grades 10 and 11. Dr. G. Allen Sager is the principal.

According to school officials, serious traffic problems are anticipated because the school presently has only one two-lane access road. More than a hundred staff members will be entering the school grounds each morning in addition to the more than thirty bus loads of students scheduled to arrive between 8 and 8:45 a.m. Because of the expected congestion, parents who transport students to school are urged to let them out at the top of the road. Students will not be permitted to park on the school lot and should be discouraged from driving since off-street parking facilities along Good Luck Road are very limited. At a later date some limited student parking may be made available upon application for a justifiable cause.

The following bus schedule will be in operation:

Bus #151, Ivy and Lastner, 7:55 a.m.; #286, Entrance to Charlestowne Village, 7:50; #286, Laurel Hill and Ridge, 8:30; #2, Hillside and Crescent, 8 a.m.; #2, Greenhill & Crescent, 8 a.m.; #281, behind Co-op Food Store, 7:55; #200, behind Co-op Food Store, 8:10; #286, behind Co-op Food Store, 8:25; Springhill Lake Apartments: #2 Lakeside and Springhill Dr., 8:20; also buses at 5900 Cherrywood Lane and 6200 Breezewood Dr., 8:20 a.m.

High Point Senior High

The regular school hours at High Point this year will run from 8:50 a.m. to 3:30 p.m. Greenbelt students who are in their senior year will attend the school. Two portable class rooms are located on the school grounds, a reduction of eight from last year's total.

Dr. Allan Chotiner, principal reports that two programs, with the goal of retaining students in school, have been instituted this year. One is an experimental work-study program which will allow some of the students to go to school during the morning. They would be under the supervision of a work-study coordinator who would be in communication with employers. The school would also attempt to locate positions for students. The other program is geared toward student's experiencing difficulties in subjects. Small classrooms are being set up to accommodate their special needs.

Buses will pick up students at 8 a.m. at the following stops: Bus #469, Ivy and Lastner, Hillside and Crescent, Charlestowne Village, Springhill Drive and Lakeside in Springhill Lake, 5900 Cherrywood Lane and 6200 Breezewood; Bus #81, behind Co-op Food Store at the Center and at Laurel and Ridge.

Battle of the Bands

There is still time for bands to enter the Soul Music Festival - the band contest at the Labor Day Festival. Substantial cash prizes will be awarded to the winning band and to the runners-up. Bands and those with information about bands should call Mrs. Jo Seay, 474-9226.

FENCING DEMONSTRATION

The Springhill Lake Fencing Club, under the direction of Werner Meudt, will demonstrate some of the fundamentals of the art of fencing at the Labor Day Festival on Sunday at 6 p.m. The Junior and Adult Groups will show the basic positions and actions and then both will engage in free fencing. An unusual and delightful musical group will perform at 6:30 on Saturday during the Labor Day Festival. The group, called the "Krazy Kats", is composed of 12 senior citizens of Prince George's County. It was started last February by Mrs. Ethel McLean, 73 years young, and has played at Walter Reed Hospital, Glendale Hospital, and the Youth Community Center on Adelphi Road in Hyattsville. The 30 minute act for fun will be played with washboard, singing saw, harmonicas and the kazoo horns. The Krazy Kats will also march in the Labor Day parade.

NASA to Exhibit

An exhibit provided by the Goddard Space Flight Center, the National Aeronautics and Space Administration's laboratory located in Greenbelt, will be on display this weekend in the gymnasium in the Youth Center. See the Schedule of Events for days and hours when the exhibition may be viewed.

The exhibit consists of a small theatre in which a color slide and taped sound track show is continuously presented. The show depicts highlights of NASA's national program in the peaceful exploration of space, including views of a spectacular rocket launching. Many of the 3700 scientists and staff employed at the 1000 acre Goddard center live in Greenbelt and the exhibit, entitled "The NASA Story", offers a unique opportunity to get a glimpse of some of our neighbors at work.

BOND ISSUE

from page 1

ing on the present soft shoulders of the road.

Smith questioned the need for acquisition of parcels 7 and 8 near Boxwood Village for parkland, pointing out that Greenbelt already has over 1,000 acres of parkland (including the Greenbelt Regional Park). In reply, every member of council present stressed the importance of looking ahead to meet future needs of a population double the present size. They pointed to the advantage of buying the land as soon as possible before it became zoned or built up, and while prices were still within reason.

Harold Kramer, one of the owners of Springhill Lake Apts., suggested that for the purposes of clarity the budget items might be better grouped into three categories - road construction, parkland acquisition, and recreation improvements. Council felt there might be some merit to this idea.

The Rev. Kenneth Buker suggested a comprehensive publicity campaign to get the reason for the bond issue to all citizens.

Allen Morrison and several members of the Golden Age Club expressed support of their 360-member group for the bond issue.

15-cent Tax Hike

City Manager James Giese explained that the drawing up of the ordinance had been delayed because council is still exploring methods of handling the sale of the bonds. It may be necessary to employ the services of a special bond attorney because of the size of the bond, and to secure the most favorable interest rates. The bond issue would be financed over a 30-year period and would consist of general obligation bonds, backed by the faith and credit of the city. Giese estimated that, for the first year at least, the bond issue would cost the equivalent of 15 cents on the tax rate, but thought that this amount might be reduced over the years because of increased revenues.

Mayor Smith closed the meeting by stating that nearly all the proposed budget items are in the bond issue at the request of several segments of the community, and he invited the public to submit suggestions in writing to council before the next meeting in September.

Fire Prevention Tip For August

by Joseph Wenrich, Fire Marshal
The Greenbelt Volunteer Fire Department and Rescue Squad, Inc. will again operate a Fire Prevention Booth during the Labor Day Festival.

This "Tip" is in the form of an invitation for you to stop by and pick up some Fire Prevention Literature that could prove very valuable to you and your loved ones. All pertain to fire prevention and safety in the home and some of them are: "Children & Matches," "What's Cooking?", "Read the Label," "Escape," and a very interesting pamphlet on children left alone in the home that is simply titled, "Who, Me?"

Again this year balloons and novelties will be given out to the small children, so do not forget to stop by and pay us a visit. Our booth will be in operation every evening during the festival.

"Nightcaps" Sing At Labor Day Festival

One of the top barbershop quartets in the country, the "Nightcaps," will be performing on Friday, August 30, at 9 p.m. in the parking area behind the shopping center.

The "Nightcaps," under the direction of Gene Jackson, were finalists in the southern division of the Mid-Atlantic District Barbershop competition.

This special event will be kicking-off the Labor-Day Weekend Festival!

Center School PTA Booth

Lots of gaiety is being planned for children and adults during the Labor Day Festival. Greenbelt Center PTA will sponsor a game booth consisting of ring toss and a fish pond.

Now— U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

*Higher interest on the
Bonds you already own, too!*

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate. Ask about buying Bonds where you work or bank. For America's future. And yours.

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."
